For Kids: Searching the Internet

How can you find websites just for kids? Here are some of the most popular children's search engines. Go on to the search engine website and type the topic you are looking for in the search box. Click on **Search** or press the **Enter** key on your keyboard. A list of websites will appear. You can look at the website by clicking on the underlined part of the entry in the list. After you have explored the website, return to the list by clicking on **Back**.

Ask Jeeves for Kids www.askforkids.com Allows you to ask questions in natural language.

Kids Click www.kidsclick.org Lots of safe sites.

Yahooligans <http://kids.yahoo.com> A safe surfing site for kids.

CBBC Search www.bbc.co.uk/cbbc/find Searches through lots of different search engines at the same time to bring you all the best sites.

Ideas

Try searching for the same subject on all the different search engines and see what websites they find for you. Topics you could try:

Romans	Smugglers
Dinosaurs	Christmas
Robin Hood	Football
Earthquakes	Poole
